Mission and Grant Policies

The Hellenic Foundation has been providing social services and programs to the Hellenic community of Chicago since its inception in 1953. The Foundation's Mission Statement provides the direction for the Foundation to fund nonprofit tax exempt organizations, as defined in Section 501(C)(3) of the United States Internal Revenue Code, whose programs and projects benefit the Greek American and the Orthodox Christian community of the Chicagoland area.

The Hellenic Foundation is a self-funded private independent foundation. The Foundation's donor program will be funded on an annual basis through earnings realized from its investment program. Therefore, the scope of the programs and geographic areas supported by the donor program is limited to insure that sufficient funds are available to fund organizations whose programs and projects support the Foundation's efforts to fulfill its Mission.

Grant Award Conditions

Grants are to be spent according to the proposal, budget, and conditions specified in the Foundation's award letter.

Conditional Payments

A grant award from the Foundation may be conditioned on the satisfaction of specific requirements. When conditions are established, the Foundation will not make payment on the award unless and until all preconditions and subsequent conditions, as outlined in the Grant Agreement Terms and Conditions, have been met. The Foundation reserves the right to rescind a conditional grant when conditions have not been satisfied in a timely manner.

The Foundation funds grants that may contain a matching condition.

Hellenic Foundation Grant Policies

Matching Grants

Grants may be subject to a matching requirement. Generally, only newly received gifts of cash, in hand, valued at the time of transfer, and designated for the Foundation – supported project, qualify as matching contributions. Generally, pledges do not qualify. If the Foundation awards a matching grant, it will pay matching funds in installment amounts specified in the Foundation’s award letter.

Please note the following requirements for providing satisfactory evidence of matching funds to the Foundation:

For Contributions of \$5,000 or more:

- 1) Certification by the Grantee of firm pledges, identifying the donor and the pledge amount;
and
- 2) Clear evidence that a donor’s intent is to meet the Foundation’s match, either by the donor’s indication on the check, a letter from the donor demonstrating the intent, or, in the case of an unrestricted donation, a designation from the grantee’s governing board, or senior authorized official, that the donation is to meet the Foundation’s matching requirement.

For contributions of less than \$5,000:

- 1) A list of all such donations, including name of donor, form of donation (i.e., check, wire, credit card, security, etc.), date of donation, and amount of donation, with a signed statement from a senior authorized official restricting all donations on the list to the Foundation match. In such cases, the Foundation does not require canceled checks, evidence of wire or credit card payments, or separate documentation verifying the transfer of securities.

Managing Grant Funds

The Foundation’s award letter specifies the terms of the grant, including the use of grant funds, reporting schedule, and the need to adhere to Foundation grant making policies.

Fiduciary Duties

All grant funds should be managed prudently and should be used for the purposes set forth in the award letter and approved proposal.

Grant funds may be required, per the Grant Agreement Terms and Conditions, to be placed in a separate bank account until they are needed for the project for which the grant was made.

Use of Grant Funds

Grant funds must only be used for the purposes, over the timeframe, and in the manner set forth in the award letter and approval proposal.

Generally, awarded grant funds may not be expended on project costs incurred prior to the grant start date or, without the Foundation’s prior written approval, after the grant end date. Grant funds cannot be used as

collateral, to offset other financial obligations (including interest payments on lines of credit, and securing or servicing debt), nor to meet cash-flow or general operating expenses that are unrelated to the purpose of the grant proposal as defined in the grant award letter.

Collaborative Grants

Foundation grants may involve work undertaken by collaborating organizations. In such cases, the Foundation awards grant funds a single grantee, who is responsible under the terms of the award for reporting on the activities and expenditures of all collaborating organizations.

Reporting and Record Keeping

The Foundation requires final grant reporting. Grantees should consult with the Foundation's **Grant Reporting Guideline** when preparing narrative and financial reports. Narrative and financial reports should be submitted together on or before the due dates specified in the Foundation's award letter. The Foundation may require the return of funds for delinquent or unsatisfactory reporting, and will consider reporting history in awarding of future grants.

Narrative and Financial Reporting

Narrative reports should describe the activities undertaken and the use of grant funds, and evaluate the progress made toward achieving the purpose of the grant during the reporting period.

Financial reports should be specific to the grant. If an organization has multiple grants from the Foundation, each grant must be separately reported. Grantees are required to use the same budget categories used in the grant proposal, making it possible for line-by-line comparison of the approved budget and actual expenditures.

Record Keeping

Grantees are required to retain accounting records, detailing all receipts and expenditures, for a minimum of three years following submission of the final grant report. The Foundation reserves the right to conduct on- and offsite audits of records related to the use of grant funds. In cases where grantee spending is not consistent with the Foundation's award, the Foundation reserves the right to request the return of awarded funds, disallow expenditures, or take other remedial actions.

Changes in Grant Terms

A grantee wishing to change the terms of a grant, through extensions of the grant period, for the same purpose, or to transfer a grant to another organization, should contact program staff with a brief description of the proposed change. If staff determine that additional documentation is necessary, they will direct the grantee to the Foundation's **Grant Modification Procedures**. Grantees must obtain advanced written approval from the Foundation for any such material change. Significant changes, such as repurposing a grant or modifying the terms of a matching grant, require staff to seek approval of the Foundation's Board of Directors. Such requests are not routinely brought to the Board of Directors nor are they necessarily granted.

Grants

Grantees should also promptly inform the Foundation in writing of significant changes in project staffing, organization leadership, scheduling, or budgeting, when such changes occur during the grant period. The Foundation reserves the right to suspend the use of grant funds if the change is considered material to the success of the grant.

Policy on Non-Support of Violence and Terrorism

It is our mission to fund nonpartisan service organizations that adhere rigorously to fundamental human rights principles. We do not knowingly support grantee organizations that endorse, support, or promote violence, terrorist activity, or related training, whether through their own activities or indirectly through their support of, support by, or cooperation with, other persons and organizations engaged in such activities. We require our grantees to confirm that they do not engage in or support such activities, and we vet potential grantees with care. If a grantee appears to be in violation of this policy, we will suspend funding immediately and require the grantee to freeze grant funds until we have investigated the matter. If our investigation discloses violations of this policy, we will require the grantee to return all grant funds; we will classify the grantee as ineligible for future funding; and we will take such other steps as the law may require.

Miscellaneous Policies

Only nonprofit tax-exempt organizations as defined in Section 501(c)(3) of the United States Internal Revenue Code are eligible for funding. The Foundation cannot review a Grant Application unless it is submitted by a tax-exempt organization that takes full legal, fiscal and administrative responsibility for the request. The Foundation will not consider solicitations from annual contribution drives. The Foundation will not consider a grant request for a “pass through” to a third party, or another program or project. The Foundation does not make direct grants or scholarships to individuals. The Foundation has no emergency discretionary funds. In general, the Foundation will not fund grant requests for capital improvements.

All applications must be completed using our online application form. The Foundation will not consider incomplete proposals. Application guidelines and requirements are subject to change without notice, and become effective immediately upon posting to the Foundation web site. The interpretation and application of these policies is wholly within the discretion of Hellenic Foundation. Furthermore, all grants are made at the discretion of Hellenic Foundation. Qualification under the policies listed above does not entitle an organization to receive a grant. We reserve the right to decline to make any grant requested.
